

REV MED X™ TX2™

RATCHETING TOURNIQUET

- Applies precise mechanical pressure
- Self-locking system
- Simple, intuitive “gross motor” operation
- Compact, lightweight, and rugged
- Designed for extreme temperature ranges
- 2 inch wide strap designed to reduce pain and lower risk of tissue and nerve damage

Made exclusively for RevMedx, Inc.

INSTRUCTIONS FOR USE:

1. PULL: Place tourniquet around injured limb. Grasp loop with thumb and PULL webbing to securely tighten tourniquet around limb.

2. LIFT: Lift lever arm of ratcheting buckle to tighten tourniquet until bleeding stops.

ONE HANDED: For a one handed application, grasp loop with teeth to prevent slipping when tightening.

3. REMOVAL: Release tourniquet by placing finger under tan tab (marked “PULL TO OPEN”) and lift.

Contents: 1 Tourniquet
40" x 2" (101.6 cm x 5.1 cm)
Reorder Part No: RES-0001-01
