

# SHARKBITE® TRAUMA KIT

Comprehensive treatment capability for large trauma wounds

Designed for the US Army for treatment of blast injuries involving massive tissue loss and burns without exhausting entire aid bag of supplies.

The only trauma kit designed for comprehensive treatment of:

- large surface burns
- tissue-deficit injuries
- penetrating wounds
- bilateral amputations

Alleviates need to search for different tools in highly complex situations.

Includes XGAUZE for simplified wound-packing, AIRWRAP for hands-off compression and RevMedx Trauma Dressing (RTD) for burns and related injuries.

Standard issue in:

CASEVAC program  
Medic/Corpsmen Kits
